Quick Write

Here are today's 3 topics for the Three-Minute Reports. Make a super fast list of topics you'd cover if this were your topic.

- Compare/contrast Syme and Parsons. Are they loyal to the Party? How do they express loyalty?
- Discuss the Party's emphasis on controlling language and history. Consider the historical context of the novel, especially the heavy use of propaganda in the real world in the 1940s.
- In both assigned readings, the girl with the dark hair keeps coming up. Pull examples from I-V to show this and explain her significance (you may have to make some educated guesses).

Quick Write Follow-up

- Put away your list and listen to the presenters.
- Get out your list. Add to it: check the items the presenters covered. What else can you say about the presenters? Remark on their speaking skills, their content, their organization. Just be fast.
- Turn this in (name and date?)
