1. Do not print this page.
2. Take the Russia quiz on Moodle. **This is a quiz** – no talking, no notes, no books, no technology beyond the quiz itself, etc. I am counting the first score unless there was a major glitch.
3. Next, take the Prime Minister practice quiz on Moodle. Most of the information comes from the packet, but some comes from McKay, p. 843.
4. Next, try out some of the quizzes from the following links. Please focus on recent or current material today, but on your own you can go back or forward at your pleasure.
